Benefits of AIRXEN BOX

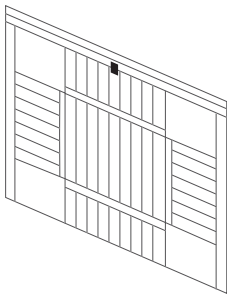

AIRXEN BOX is ...

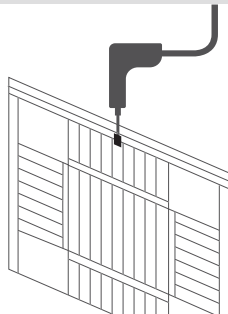

- AIRXEN BOX is an environment-friendly inflatable thermal insulated packaging box.
- By using air from nature, AIRXEN BOX can innovatively improve the environmental problems such as unrecyclable materials, volume of waste, and environmental pollution.
- AIRXEN BOX blocks heat transfer between the inside and the outside effectively.
- AIRXEN BOX is the specialized packaging material in the products which require thermal insulation and protection effects at the same time.

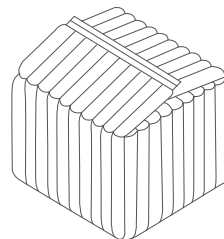

Before inflating

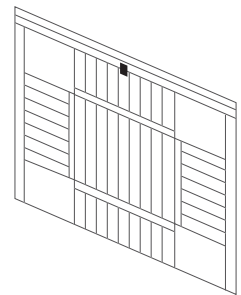

Inflating

After Inflating

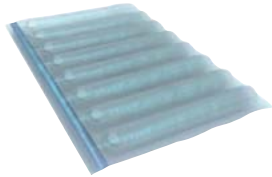

Disposal after use

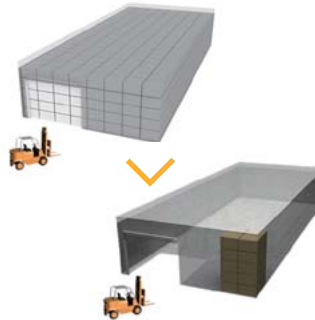

Features of AIRXEN BOX

Independent Aircell

Superior thermal and cushioning products

Optimizing Inventory Space

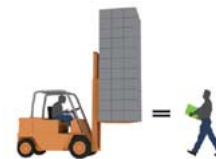

Less than 4% of inventory space compared to other thermal box

Reducing Disposal Volume

Saving time for packing
