

**With high experience at the top of packaging sector.**

Poşetsan, which initiated its business in 1980 by manufacturing paper based tea and flour bags, became one of the pioneers in its sector in very short time with its developing technology as well as increasing amounts of products. The company came at the top not in Turkey, but globally as well with its over 200 employees and manufacturing facility in Çerkezköy composed of total of 22.500 m<sup>2</sup>.

Poşetsan increase its standards everyday manufacturing different products for to meet the different needs of the customers. The Company is assertive in all product groups such as aseptic packaging, flexible packaging, paper bags, lids and cover seals.

### Protective Barriers

Why does obstructor cardboard matter? Obstructor structures control the interaction between the food and the environment, increases product quality and enables a wider distribution with less retrogression. Additionally they reduces the effects of:

- The loss of aroma
- Oxygen conductivity
- Water vapor conductivity
- Taste absorption

You can mention the quality of your products without hesitation. Your products reassures your customers with Poşetsan.

### Brilliant packaging made with proficiency!

We are aware how careful in each step of production of the product you manufacture. We know how much effort you spend to provide consumers the best and the most qualified product for which we always respect.

As your business partner, we manufacture as your proficiency and working dicipline and keep on to add value to your quality. Our packaging, manufacuted with the same proficiency and dicipline, makes your products be preserved in the best way and make consumers be attracted to the shelves.

We garnish the showcases to make your product to be the most preferred.

No matter you are selling drinks or food, smart customers will always notice a Sunpack Aseptic packaging as a priority. Because this type of packaging is what they are looking for their needs and they know this packaging too well.

With its perfect hygiene-trust certificates and convenience factors, our packaging provides you the best reasons of preference due to its light, attractive and easy-to-ship design. You, as a manufacturer, can rely on Poşetsan to provide your customers the right reasons of preference.

The mark of responsible forestry
